Join us for Group Golf Days!

Group play enables golfers to improve their skills while socialize with other members. Fairways provides unique benefits for groups not typically found at outdoor venues, including:

More Social Interaction. Group Golf at Fairways enables up to 12 people to golf together—literally on the same hole, at the same time, and in the same area—providing much more social interaction and opportunity for fun than at an outdoor course.

Varied Courses Every Week. Groups at Fairways regularly play a different course and/or different conditions each week increasing the fun and participation. A group can crank up the wind and play Pebble Beach in strong winds or fog to heighten the experience.

Cont'd

Convenient for Everyone. Should some of your group not be able to attend on the regular group day, the exact same conditions for the group can be recreated enabling your golfers to catch up their rounds at their convenience.

Host Your Group Golf or Join One of Ours. Any business, organization, or group can host their own group weekly during morning, afternoon, or evening. Groups are open to anyone to enjoy the camaraderie and fun of improving golf skills while socializing with other golf enthusiasts.

We'll Help Administer Your Group. We can assist group organizers administer the group by helping with weekly course selections, computing handicaps, and tracking statistics.
